The American Innovation \$1 Coin Program is a multi-year series featuring distinctive reverse (tails) designs that pay homage to America’s ingenuity and celebrate the pioneering efforts of individuals or groups from all 50 states, the District of Columbia, and the U.S. territories.

The Virginia \$1 coin is the second release of 2021 and honors the Chesapeake Bay Bridge-Tunnel, recognized as an engineering marvel of the modern world. The reverse design depicts a view of the Chesapeake Bay Bridge-Tunnel as a cross-section cut away, illustrating the ingenuity involved in constructing it. Inscriptions are “United States of America” and “Virginia.”

The obverse (heads) design features a dramatic representation of the Statue of Liberty in profile with the inscriptions “IN GOD WE TRUST” and “\$1.” It also includes a privy mark of a stylized gear, representing industry and innovation.

The year of minting, mint mark, and inscription “E PLURIBUS UNUM” are incused on the edge of the coins.
